

Open Enrollment

Our Open Enrollment Consultation provides you with a personal assistant whose job it is to help you make a better-informed decision - saving you time, money, and stress.

Selecting your benefits is about to get a lot easier.

How it works:

1

You fill out an intake form detailing your and your family's specific needs. All information is confidential and never shared with your employer. You find a convenient time to speak with a licensed Open Enrollment Specialist.

2

During your 30 minute appointment, your Specialist walks you through your employer-sponsored benefits and discusses your specific needs. Your specialist helps you select a medical plan, as well as advises on all ancillary benefits.

3

You receive a detailed summary of the call, along with any answers to questions that were not resolved on the call. Your plan recommendation is clearly outlined.

Visit www.touchcare.com/openenrollment to schedule your consult today.

TYPICAL TOPICS COVERED

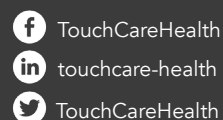

- Check to see if your doctors are in-network
- Explore how different types of plans work
- Tips to avoid costly surprises
- Questions on the "extras" (like HSA, FSA, STD, and other insurances)

More advice. Better care.
